Students who do not provide the university with their Social Security number will be assigned a special nine-digit number. This number or the Social Security number will be used a) to identify such student records as applications for admission, registration and course enrollment documents, grade reports, transcript requests, certification requests, and permanent academic records; and b) to determine eligibility, certify school attendance, and report student status. A student who wishes to apply for federal or state grants, loans, and other financial aid programs is required to supply the Social Security number.
